Themes for the May Revision

- Governor Gavin Newsom's spending plan is an eye-popping \$300.7 billion budget to “provide relief from rising inflation, ensure public safety, address homelessness, transform public education, and combat climate change”
 - “Transform[ing] public education” in the May Revision is thankfully less drastic than it sounds since educational leaders are drained from two years' worth of transformations
- And while revenues are extraordinary now, we've seen this storyline play out before
 - The Governor seeks to guard California against a bust like we experienced post the dot-com boom

Walnut Creek School District
2022-23 Proposed Budget Report and Multi-Year Fiscal Projection

Public Hearing – June 6, 2022

Adoption – June 13, 2022

Local Educational Agencies (LEAs) are required to adopt a budget prior to July 1 of each year in order to authorize the expenditure of funds. The proposed budget is only the initial blueprint for revenues and expenditures since the preparation of the adopted budget occurs before the State has enacted its budget, and before actual revenues and expenditures are known for the current year. In the event that material revisions are necessary, a revised budget will be presented to the Board no less than 45 days after the enacted State budget. With the understanding that changing assumptions directly change the financial outlook of the District, the State requires all school districts to report their budget for the current year, as well as two subsequent years as follows:

Budget	Current Data	Approved
Adopted	Prior to Fiscal Year	By June 30
*Revised Budget	State Budget Adopted	August 15
1st Interim	July 1 to October 31	December 15
2nd Interim	July 1 to January 31	March 15
*3rd Interim For Qualified or Negative Certifications	July 1 to April 30	June 1
Unaudited Actuals	July 1 to June 30	September 15

Illustrated below is a summary of the proposed State budget and budget guidelines as provided by the County Office of Education and School Services of California. The Proposed Budget Report also contains financial summaries, multi-year projections and detailed financial state reports relating to the projected financial activity for 2021-22 through 2024-25 specific to the Walnut Creek School District (WCSD).

Overview of the May Revision

On May 13, 2022, Gov. Gavin Newsom presented the May revision to the proposed state budget. The proposal includes a 6.56% statutory cost-of-living adjustment (COLA) to the Local Control Funding Formula (LCFF), as well as a 6.56% COLA to special education and all other programs outside the LCFF.

The Governor maintains funding for all items in the January budget proposal and makes the following notable changes with the May Revision:

- \$8 billion one-time discretionary funding
 - Estimated at \$1,500 per 2021-22 P-2 ADA
 - To be used for any purpose as determined by the governing board
 - Intent is to prioritize the use for maintaining staffing levels, student learning, operational costs, supporting mental health and wellness of students and staff

- \$3.3 billion in ongoing Prop. 98 funds to mitigate declining enrollment
 - Proposes current year adjustment to utilize the greater of 2021-22 ADA or the 2019-20 attendance rate applied to 2021-22 enrollment for all classroom-based LEAs
 - Maintains amendment to the LCFF calculation to allow school districts to utilize the greater of current year, prior year, or the average of three prior years' ADA
- \$2.1 billion in ongoing Prop. 98 funds to increase LCFF base funding
- Additional \$403 million, for a total of \$4.8 billion ongoing for the Expanded Learning Opportunities Program (ELO-P)
 - Full funding proposed in 2022-23
 - \$2,500 per classroom-based prior year P-2 ADA in grades K-6 multiplied by the prior year unduplicated pupil percentage (UPP)
 - Offering and access requirements begin in 2023-24
- \$614 million (Prop. 98 “rebenched”) for transitional kindergarten (TK) expansion
- \$611 million to maintain meal reimbursement rates at the federal Seamless Summer Option levels
- \$191 million for early childhood education
- Additional \$1.8 billion one-time general fund, for a total of \$4 billion to support the School Facilities Program
- \$1.8 billion (one-time Prop. 98) for deferred maintenance

Local Control Funding Formula

The May Revision increases the COLA to 6.56%, proposes a transitional kindergarten (TK) add-on to the LCFF, and proposes a \$2.1 billion boost to LCFF base rates. As a result, total LCFF funding increases to \$70.5 billion inclusive of the additional TK students that become eligible for LCFF funding in 2022-23.

The TK add-on is proposed with a funding rate of \$2,813 per unit of average daily attendance (ADA) and will be subject to annual COLA increases. As with other measures of ADA for school districts, ADA for the TK add-on will be funded on the higher of current or prior year. The funding is conditioned on the school district or charter offering transitional kindergarten in the year it receives the funding.

Because of the decline in student enrollment, the budget proposes to permanently alter the LCFF relative to the determination of funded ADA. As proposed, school districts will be funded on the better of current year, prior year, or the average of the three prior years' ADA, whichever is greater.

The return to in-person instruction has been interrupted by surges in COVID-19 resulting in a much lower attendance rate for many districts in 2021-22. The May Revision proposes some relief to this additional decline to ADA by adding a proxy measure for 2021-22 ADA equal to 2021-22 enrollment multiplied by the district's 2019-20 attendance rate. The results of this measure will determine the “actual ADA” to be used for LCFF purposes for the 2021-22 year – which then becomes the ADA used in the calculation of the prior three years' average ADA.

The administration and Legislature are fairly aligned in their proposals to provide relief from declining enrollment and to boost the base rates for LCFF. In fact, the Legislature is proposing a larger increase to LCFF base rates than the governor. However, for budget planning purposes, WCSD used a conservative 6.56% COLA-only assumption to develop the 2022-23 budget. WCSD will present a revised budget within 45 days after the enacted State budget.

Reserve Cap

Existing law imposes a 10% cap on the amount local school districts can maintain in their reserves in fiscal years immediately succeeding those in which the education rainy day fund (Public School System Stabilization Account) balance is at least 3% of TK-12 Prop. 98 funding. This condition was met with the 2021-22 deposit amount, triggering the local reserve cap for the 2022-23 fiscal year.

WCSD will need to comply with the law (Education Code Section 42127.01(a)) by taking action by June 30, 2022, with the adoption of their budgets, as well as anticipate that the cap on their reserves will be in place for the foreseeable future.

WCSD Revenues and Expenditures Assumptions

Basic Aid Funding and Property Taxes

Based on the May Revise planning factors, WCSD is no longer projected to cross the Basic Aid threshold in the next three budget years. This means that local property tax revenues, combined with the Minimum State Aid (MSA) will not exceed the LCFF entitlement.

Enrollment, Projection, and ADA

The most significant characteristic for determining District income is the calculation of the average number of students that are in school and in attendance on a daily basis. The State funds school districts based on the amount of students attending school each day, instead of the number of students actually enrolled in school each day. This average daily attendance or ADA is multiplied by the District's Local Control Funding Formula Grade Span Rate per ADA to determine the total Local Control Funding Formula income for the District. The official annual enrollment count is taken in October for that school year and is used for staffing and facility needs.

Illustrated below is WCSD's enrollment and ADA history and projections.

Routine Restricted Maintenance Account

Per Education Code Section 17070.75, school districts are required to deposit into the account a minimum amount equal to or greater than three percent (3%) of the total General Fund expenditures and other financing uses for that fiscal year. While school districts have taken advantage of multiple flexibility provisions over the past decade, school districts must now comply with the 3% contribution provision beginning in 2019-20 due to the interpretation of Education Code Section 17070.75(b)(2)(B-C) by the California Department of Education. Illustrated below are the primary compliance components:

- The 3% contribution is calculated on total General Fund expenditures, including other financing uses (i.e. transfers out, debt issuances relating to the General Fund)
- The 3% contribution incorporates RRMA and CalSTRS on-behalf expenditures
- The final 3% contribution is based on year-end actual data; therefore, while it is developed based on budget, it must be trued up using actual expenditures
- The actual contribution will be audited as part of the School Facility Program Bond Audit

General Fund Revenue and Expenditure Components

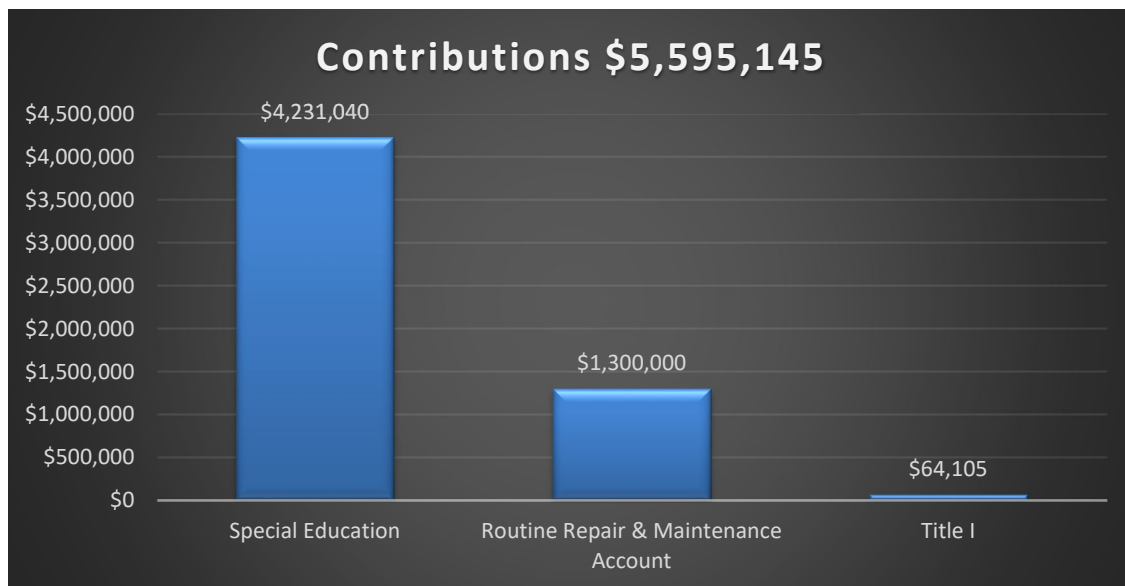

The General Fund is used for the majority of the functions within the District. As illustrated below, salaries and benefits comprise approximately 81% of the General Fund budget.

General Fund Contributions to Restricted Programs

The following contributions of unrestricted resources to restricted programs are necessary to cover restricted program expenditures in excess of revenue:

General Fund Summary

The District's 2022-23 General Fund projects a total operating deficit of (\$2,543,524) resulting in an estimated ending fund balance of \$4,280,981.

Cash Flow

The District is anticipating having positive monthly cash balances during the 2022-23 school year. Cash is always closely monitored in order to ensure the District is liquid to satisfy its obligations.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

STANDARD NOT MET - Projected change in LCFF revenue is outside the standard in one or more of the budget or two subsequent fiscal years. Provide reasons why the projection(s) exceed the standard(s) and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:

(required if NOT met)

WCSD is projecting at least 90 new TK students beginning in 2022-23 due to the Universal TK mandate. This mandate, along with a higher than average COLA of 6.56% cause the district's LCFF revenue to grow beyond the calculated LCFF revenue standard in the budget year and the two budget out-years.

5. CRITERION: Salaries and Benefits
